

Are you seeking career-oriented, project-based experiences with the region's top industry leaders and healthcare professionals?

What is LAUNCH?

LAUNCH gives students the opportunity to work in teams on challenges provided by business and industry partners while earning high school and/or college credit. Students will fast forward into their future and become fully immersed in a professional culture, solving real-world problems, using industry standard tools and resources while being mentored by educators and actual employers. LAUNCH currently offers experiences through 10 different strands.

Who can participate in LAUNCH?

Any high school junior or senior can apply through Wisconsin Part Time Open Enrollment. Students must provide their own transportation.

LIMITED SPOTS AVAILABLE!

Ready to start your journey?
